### DXBall Games

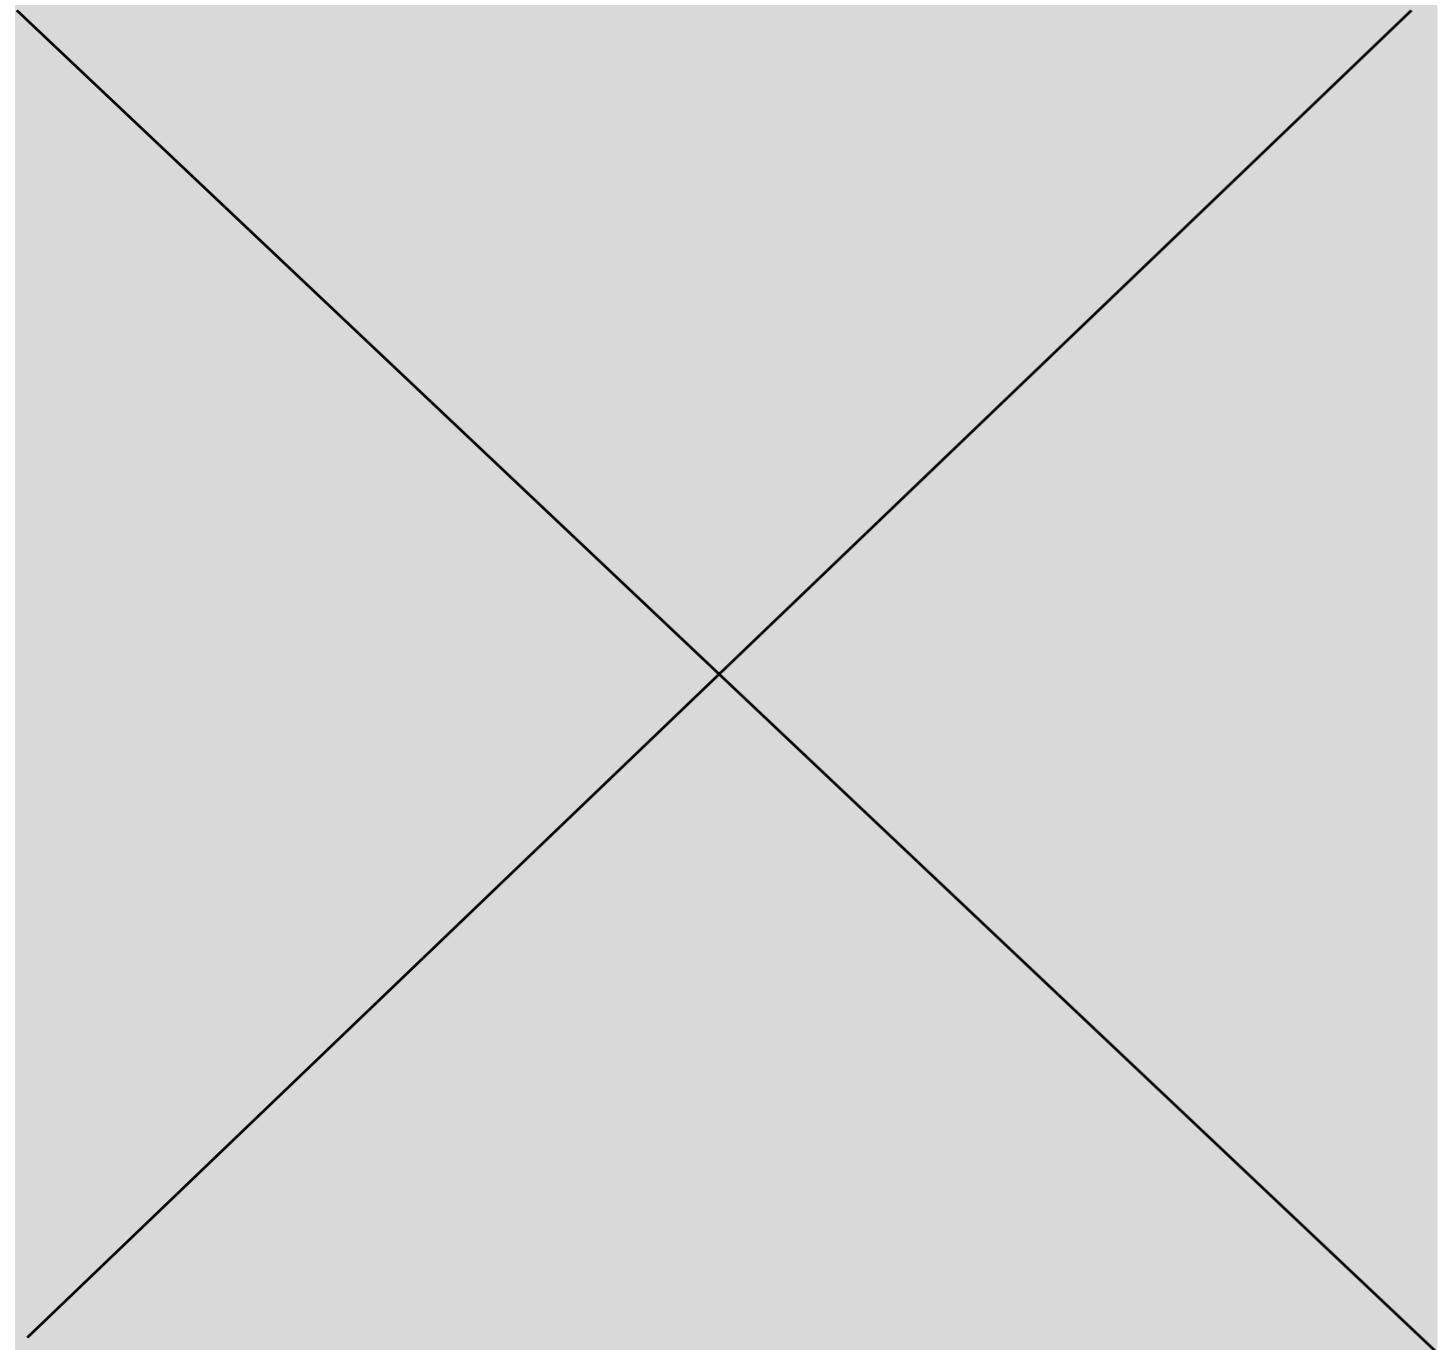

a clone of the games 'DX' and 'Breakout', by using C++ and Splashkit to demonstrate the capabilities available to splashkit. The game is made to assist future students in developing games and understanding the fundamentals of C++ and the coding language with Splashkit. The game is also made to test splashkit's capabilities with Raspberry Pi and arcade style games

### Aestroids

Asteroids is a top-down single player or co-op shooter that has you, the player, flying around and surviving an onslaught of rocks, and if you survive long enough, even bosses! Aim for a high score, don't lose your hearts before your friend, and maneuver around dangers and rack up that score!
